# TERMS & CONDITIONS

## WARRANTY

All Livorsi Marine® products carry a limited one year warranty for repair or replacement at Livorsi's discretion. All Livorsi Marine® products are warranted to be free of defects in material and workmanship. Users/Customers of Livorsi Marine®/Livorsi® products agree not to hold Livorsi Marine, Inc., its owner or employees responsible for any damages occurring by improper installation or use of Livorsi Marine® or Livorsi® products. The company, owner or its employees will not be liable for more than the cost of the original product and in no event will Livorsi Marine® or Livorsi® be liable for special, indirect or consequential damages of any kind whatsoever.

## WARRANTY RETURNS

Due to a large number of non defective gauges being returned, Livorsi has had to implement the following procedure. If you think you have a defective product, before returning please trouble shoot the problem first. In many cases it is not a defective gauge and could be a defective or incorrect sender, bad connection or inefficient ground. There will be 2 ways for Livorsi to determine if the product is defective:

1. Return the product to Livorsi and we will determine if it is defective and if it is under warranty Livorsi will repair and return it. Products that do not fall under warranty will be quoted.
2. Livorsi will send a new product, charge your credit card and when you return the product in question we will determine if it is defective or not. If the gauge being returned is found defective we shall credit the original invoice. If the product is not found defective Livorsi will NOT issue any credit. If you would like the original product returned to you there will be an additional shipping charge.

For warranty questions please call 847-752-2706 or email [returns@livorsi.com](mailto:returns@livorsi.com).

For further questions or technical help go to [www.livorsi.com](http://www.livorsi.com) and click on Tech Tools or email Fred Ortega [fredo@livorsi.com](mailto:fredo@livorsi.com) or call 847-752-2705.
