(16.5 X 30 Inches)

Performance Boats
Center Consoles
Cruisers
Work Boats
Military and Government Boats

- Help boats plane out quickly
- Significantly limits bow rise
- The built-in electronic position sensor is compatible with N2K displays & Livorsi LED Indicator
- Made with billet aluminum, anodized & painted construction
- 100% made in the USA
- 1650's and 1850's are stepped bottom tabs that provide less drag in the water

Compatible with NMEA 2000® compliant systems or Mercury VesselView®

Electronic IP68 sensor plugs directly to Livorsi's LED Position Indicator

LED Indicators

- Electronic Indicator reads precise position of Tabs, Drives, Jackplat, Fuel, Rudder & more
- Compatible with NMEA2000 Screens & Mercury Vessel View
- 1-4 Slots with the ability to set sweet spot
- Acts as a gateway to any N2K Device

Features

- Available in 11 powder coat colors & with private labeling
- Available with 4" or 6" LED lights in **white, blue, red, or green.**
- For use on boats 20 – 50 feet
- Tabs are CNC machined from billet aluminum, no casting
- Tabs are Mil-Spec hard coat anodized to prevent corrosion
- Five anodes for complete saltwater protection
- All hinge pins and hardware are stainless steel
- Adjust transom angles without the use of special tools
- Hydraulic cylinders designed for 1200 PSI working pressure with dual seals, cylinders may be serviced
- Plug and play LED electronic position indicators
